Introducing the UK's first "Sports Riding Gilet"

Tailored specifically for the adventurous rider, the i-Quip 'competitor' gilet is the first patented gilet concept to incorporate specific design features for carrying essential kit from map-case to mint cake, mobile phone to medical card.

The i-Quip 'leisure' gilet is more tightly tailored with fewer pockets and a flattering v neck - ideal for bridle rides, happy hackers and trail riders.

Both the i-Quip 'Competitor' and the 'Leisure' gilets come in designs tailored for adults and children. Together with attractive good looks adding glamour and style, the i-Quip offers peace of mind for: confident, comfortable, carefree riding!

i-Quip™

BRITES

And Introducing.....

i-Quip™

Core Country

i-Quip BRITES gilets are super-lightweight (less than 9oz) so whether you're a serious competitor or a leisure rider their clever designs give you the edge. Based on 4 years of consultation with the TREC and endurance communities they have been adopted by top TREC riders across Europe. They have cleverly researched and positioned pouches, pockets, tags and toggles just where you need them for all your gear, from maps to keys, compasses and mobile phone. With patented map attachment and easy on shoulder fastening and once you try one you'll see why i-Quip won the silver at World Innovation Exhibition 200. And now introducing the 'just as smart' BRITE, non-slip, all weather saddle cover. For full details see www.i-quip.co.uk

i-Quip's Core Country range follows the design innovation of i-Quip's BRITES but takes them into new territory. The Core Country capsule collection is designed for those of you who like to enjoy the great outdoors in a more laid back way... with carefully selected fabrics combined for comfort, fit and class, sassy good looks whilst everything you need on a country ride or ramble in the autumn mist or spring sunshine remains at your fingertips. Styled from beautiful wool blends and lined with satins and silks, they're a design pleasure you'll treasure. We hope you have as much pleasure wearing them as we have creating them.
